

Application for SGF-Membership

| | |
|---------------------|--|
| Name of the Company | |
| Street/Number | |
| Postcode/Town | |
| Country | |

We hereby apply for membership in SGF International e.V. and for participation in the Voluntary Control System (VCS) of SGF.

We agree that SGF will verify our compliance with the relevant legislation and the requirements of the Voluntary Control System.

We agree that SGF will nominate us as a participant in the VCS in the Member Portal of the SGF website and will place audit reports and certificates as confidential documents in our personal area of the Member Portal. As a member, we can make this information available to all other members.

We have read and understood the information on data protection, which can be found at www.sgf.org.

We have read and understood the current SGF [statutes](#) and [membership fees regulations](#).

6. Did a special company / person recruit you? If yes, which or who?

7. How did you become aware of SGF International e.V. (internet, reference, fair, etc.)?

8. Product Information

8.1 Semi-finished Products (Processing)

- a) Are your products in whole or in part represented by traders/brokers?
If yes, by whom?

- b) To which countries do you sell your products?

- c) What sort of fruit do you process into what product?

Please use our **list of semi-finished products** (see below page 8). Please mark the respective fruit type and the appropriate **mono fruit product** with an **X**.

Blank fields at the end of the list are for possible further fruit types not yet included in the list.

- d) Please complete the table below concerning your processed fruits.

| Fruit | Harvest Season of the processed fruit (Month) | Processing (Month) | Volume of final good (Tons) |
|-------|---|--------------------|-----------------------------|
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |

8.2 Finished Products (Bottler)

a) To which countries do you sell your products?

b) Please provide us with a current list of finished products. We kindly ask you to attach this list to the completed application documents.

Participation in FRAPP Fruit Risk Assessment Programme for Pesticides

(only for members from the processing sector)

Commitment to proactively protect consumer health and the industry image

Safety and authenticity are prerequisites for healthy consumption of processed fruit and vegetables and for a good image of industrial fruit and vegetable products.

Processors are obliged to comply with legal requirements regarding contaminants at all stages of the production chain, from raw materials to finished products.

In addition to this, fruit processing participants in the Voluntary Control System should take proactive measures to avoid problems caused by the use of chemical pesticides. To minimise the risk to each individual producer and to protect the image of the entire industry, pesticide documentation is mandatory.

We hereby confirm that we are aware of the obligation for fruit processing participants (processing sector) and that we take appropriate and suitable measures to collect and pass on information on the chemical pesticides used. This concerns all pesticides and active chemical substances used in the cultivation of the processed fruits. The data will be treated confidentially and will only be used in anonymous statistics of the FRAPP programme (Fruit Risk Assessment Programme for Pesticides).

Declaration of Corporate Social Responsibility

The issue of sustainability is increasingly in the focus of the general public, the retail sector and consumer protection organisations.

At the request of various stakeholders, on 29 April 2015 the European Fruit Juice Association (AIJN) adopted a new Code of Business Conduct (CoBC) for the fruit juice industry. This new code is based on the six fruit juice CSR principles of the CSR sector roadmap of the Juice CSR Platform and the former SGF/IRMA Code of Conduct. Moreover, it is based on the general principles contained in the International Bill of Human Rights, fundamental ILO conventions, relevant United Nations conventions and guidelines and the Sustainable Agriculture Initiative Platform (SAI). The generally accepted standards of corporate social responsibility and ethical conduct shall be applied throughout the whole value chain of our industry.

The AIJN Code of Business Conduct appeals to all companies to comply with the internationally recognised minimum standards for human rights, working conditions and the environment. The provisions of the AIJN CoBC apply to four main areas:

- I Economic Sustainability**
- II Social Sustainability**
- III Environmental Sustainability**
- IV Monitoring**

In future, the AIJN Code of Business Conduct will become part of the SGF checklist for control and auditing. Commitment to the AIJN CoBC will be a requirement for successful SGF certification. SGF member companies confirm that they are in the process of striving to fulfil the stipulated sustainability criteria.

SGF will use its existing certification structures to react accordingly to requests from retailers and consumers.

By signing this document, we recognise the AIJN Code of Business Conduct for our whole company and declare our willingness to abide by its provisions.
